

Community Health Services (CHS) Privacy Policy

Since our inception in 1978, our stakeholders have trusted CHS with their personal information. Whether you are a patient, donor, volunteer, or community partner, our commitment to conduct business honestly and protect your privacy is at the heart of our Privacy Policy.

CHS requires that your personal information be held in strict confidence. We use your information only for its intended business purpose. We do not sell or trade your information to other organizations or individuals.

Other than as indicated by our patients, their guardians, or our donors, no one besides CHS staff has access to your information. We allow access to your information to specific funding sources only as mandated by contractual requirements. Patient information is protected by HIPPA as required by law.

If you choose to send us email, we may retain the contents of your email message, our reply and your email address as part of our ongoing fundraising and outreach efforts. We reserve the right to contact you after you have contacted us and may send future email and/or surveys to you about CHS. You may notify us via email if you wish to discontinue electronic communication.

We keep your personal information as accurate, complete, and up-to-date as is required to fulfill the purpose(s) for which you provided us with your personal information. Upon request in writing we will remove your personal information from our databases, except where legislation or regulation requires our retention of it (for example, charitable giving history tied to income tax receipts.)
